**Subject:** RE: Proposed Changes in Project Managers for Tetra Tech RAC Work Assignments

Hi Chris and thank you for your input. I was out of the office yesterday and part of Friday, so I haven't had a chance to send out emails asking for feedback regarding the proposed personnel changes. Once I have received and reviewed all responses, I will respond to Tetra Tech accordingly.

Thanks again,  
*Tiffany*

**Subject:** RE: Proposed Changes in Project Managers for Tetra Tech RAC Work Assignments

Tiffany,

I am not sure that you're waiting for a response from me, but if it matters, know that I have no reason to object to the changes in PMs for the two Keystone and one [REDACTED] Andy's retirement does necessitate the assignment on TT's part of a new PM. I don't know any of the PMs on the list, but again, I have no reason to object to [REDACTED] proposal.

Call/respond with questions or anything else you might need from me.

Thanks -- Chris

**Subject:** Proposed Changes in Project Managers for Tetra Tech RAC Work Assignments

Hi Tiffany

Attached please find several proposed changes in project managers for our RAC work assignments.

These assignments are related to the **Nonresponsive based on revised scope** Keystone Sanitation Landfill, and **Nonresponsive based on revised scope** Sites.

I have copied the respective EPA RPMs on this announcement (i.e., John Banks, Chris Sklaney, and Joe McDowell).

Please contact me if you have any questions or comments. Thanks. 

## **Nonresponsive based on revised scope**
